

Taxation and E-filing of Income Tax Return

Course Overview:

Taxation and its compliance are the key components for building an effective socio economic system in the country. With automation of Taxation System in Pakistan, it is imperative for the businesses to have accurate knowledge and skills for e-filing of Tax Returns. This result-oriented program aims to equip participants with up-to-date information on tax laws, requirements and competencies for successfully managing the online tax filing system.

The Training provides a combination of presentation, group work, discussions, and more importantly practical demonstration of e-filing of Income Tax Returns.

Learning Agenda:

- Gain in-depth understanding of Taxation Laws particularly in relation to the nature of business activity.
- Manage effectively tax return filing through online FBR system.
- Learn relevant regulation / rules that can save penalty / fine and avail the available tax incentives.
